

## MISSION

The OSU Extension Master Gardener Program in Trumbull County belongs to a premier statewide network providing researched based knowledge and leadership development to volunteers and the local community. Our consumer horticulture program strives to maximize human, material and natural resources, and values teamwork and excellence in educational programming. The trained, volunteer members help empower people, to improve the quality of life at home and in the community, to respect the environment and to network through horticultural education, projects and activities

## VISION

The Ohio State University Extension Trumbull County Master Gardener Program strives to be a self-sustained leader of horticultural education, demonstration and community service, while being recognized as a model program within the premier Statewide Network of Master Gardener Programs. Our program seeks to be a leader in the revitalization of Trumbull County by networking with schools, government, other agencies and businesses to maximize human, material and natural resources for improving the quality of life.

## VALUES

The OSU Extension Master Gardener Program in Trumbull County values education, diversity, honesty, accountability, responsibility, and camaraderie of our membership while instilling self-worth through leadership, teamwork, commitment, problem-solving and empowerment of people to help themselves through research based information. .
